**Libertarianism - Wikipedia**

Nationalism is the ideological basis for the development of the modern nation-state. According to Leon Baradat, nationalism "calls on people to identify with the interests of their national group and to support the creation of a state - a nation-state - to support those interests."

**Rise of nationalism in Europe - Wikipedia**

El individualismo es la posición moral, filosófica, política e ideológica, o simplemente un punto de vista social, que enfatiza «la dignidad moral del individuo».

**Individualismo - Wikipedia, la enciclopedia libre**

Libertarianism (Libertarianism) is a political ideology that emphasizes individual freedom, limited government, and free markets. It is based on the principle of self-ownership and the right to life, liberty, and property. Libertarians believe that individuals should be free to live their lives as they see fit, as long as they do not harm others. This ideology is often associated with the concept of the "harmless principle" and the "non-aggression principle".
