### Writing a Requirements Document: Workshop Materials

CS-102 Logical Organization of Computers Aims There are two views of computer architecture. The traditional view, dating back to the IBM System/360 from the early 1960's, is that the architecture of a computer is the programmer-visible view of the machine, while its implementation is the province of the hardware designer.

### Academic : Department of Computer Science : University of Pune

Se conoce como software [1] al soporte l3gico de un sistema inform3tico, que comprende el conjunto de los componentes l3gicos necesarios que hacen posible la realizaci3n de tareas espec3ficas, en contraposici3n a los componentes f3sicos que son llamados hardware.
